ATT EMPLOYER CHECKLIST AND CONFIRMATION OF APPRENTICE READINESS FOR END-POINT ASSESSMENT

GUIDANCE NOTE

This form is designed to serve two purposes:

1. It is how the employer helps ATT authenticate the apprentice evidence submitted. By initialling and signing this document the employer is telling us that the evidence submitted is in fact the apprentice's own work.

Where there is group work submitted, the document is also used to assure ATT that the work clearly identified as the apprentice's own contribution to group work is in fact their own and not someone else's.

2. It helps the employer ensure that all the correct documentation and evidence is in place and ready to be submitted to ATT.

This helps ensure that we have all the information, documentation and evidence we need to schedule the End-Point Assessment.

Please note that signatures and initials can be signed by hand or electronic signatures including "scanned" are acceptable as long as the attachment comes from the employer's email address.

This form will need to be scanned and uploaded at the same time as the apprentice's portfolio of evidence.
